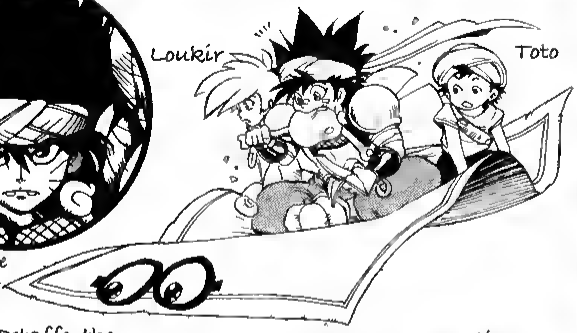
Character Introduction

The Genie Rampou



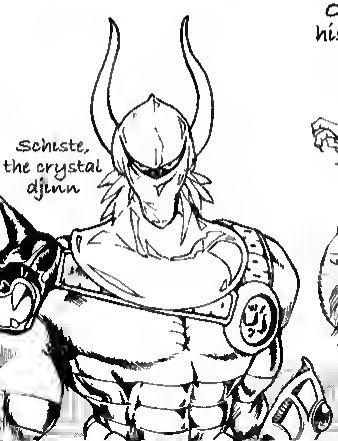
Petaffe, the flying carpet

Hamelin

Toto's big sister: Leila

Gonbess, the djinn of the iron arms

Omadoon, his demonic animal



Schiste, the crystal djinn

Summary of the preceding nights.

In this world, djinns rule over and have enslaved humans. In order to save their country, Toto and Loukir released the seals of the hundred-year prison of the kind genie Rampou. They did it just at the moment when Toto's village was threatened by a djinn. Rampou killed the djinn using his ultimate attack Zahrma Punch, and quickly fell in love with Leila, Toto's older sister. But, Dogramagul, the lord of evil and master over all djinns, had Leila kidnapped. To save her, Rampou must go to the country of the east, Elsha, before the sun has set seven times. Hurry, Rampou!!
